

Spray Proof Skunk Trap

Stop getting sprayed by skunks in wire traps!

The **Spray Proof Skunk Trap** stops skunks from raising their tails and spraying when you approach or transport a trapped skunk. Made of durable PVC tubing and heavy duty steel components, the Spray Proof Skunk Traps keeps trapped animals completely enclosed and out of direct view. This trap works well for other animals including; squirrels, feral cats, stray cats, rabbits, opossum and other similar sized nuisance animals.

- Trap is 23" long, 6" wide and weighs 6 lbs.
- Prevents skunks from lifting their tails to spray
- 6" diameter durable PVC pipe for the body
- Trapped animal is fully enclosed, out of view.
- Simple, humane, and efficient trap
- Heavy duty steel components
- Gravity activated door lock
- Simple yet effective trigger system
- Small viewing ports at both ends of trap

IMPORTANT NOTE: Having the best trapping equipment does not guarantee trapping success. Bird and animal trapping can be as much art as it is science. Nixalite of America Inc guarantees the workmanship of the bird traps. WE DO NOT guarantee that you will catch anything. Effective trapping takes careful planning, a knowledge of the target species, the correct bait, trap location and more.
