

# ANILEATOR®

***Designed exclusively for controlling mosquitoes and other flying insects***

The ANILEATOR helps stop the spread of WEST NILE virus and other diseases often transmitted from flying insects to people, pets and livestock. Use EPA approved water based pesticides and solutions designed for aerosol applicators and sprayers.

Simple to operate yet extremely durable, the ANILEATOR is perfect for the home owner as well as the pest control professional. There are no adjustments, the ANILEATOR is preset for a 2 gal/hour (125 ml/min) application rate. Portable and versatile, it is ideal for localized outdoor spaces where flying insects are a problem.

Treats outdoor areas such as yards, landscaping, animal containment, picnic areas, gazebos, shade structures, storage yards and much more. Contact Nixalite for more information.

## ***ANILEATOR ULV Mister/Sprayer***

- Designed to apply EPA approved insecticides labeled for aerosol application.
- No dangerous liquid fuels or pressurized tanks are required for operation.
- Rugged design makes it tough and durable. Handles water based solutions best.
- Low profile tank design lowers the center of gravity and virtually eliminates machine tipping, empty or full.
- Low maintenance, easy operation, nothing to adjust.
- Adjustable tilting head for multi-angle spraying.
- ANILEATOR comes with a one year limited warranty.

Made in  the USA
