Attention to detail;

IGEBA sprayers are built to the highest quality standards. Only the best materials are used; high grade stainless steel tanks, all brass fittings and pump, Viton and Teflon seals, reinforced polymer handles and tank guards. The ES-10 M will be the last compression sprayer you will ever need.

For more information on the IGEBA Line call 800.624.1189 or visit www.nixalite.com

Note: do not run strong acids, alkalies or salt solutions through the sprayer as they can corrode the tank, the brass fittings and seals. Make sure to rinse the tank, discharge hose and wand after each use. Do not let the sprayer freeze.

Since 1982, IGEBA has offered only the highest quality, longest lasting and most reliable spraying and fogging equipment in the world. Contact Nixalite of America Inc for more information on the IGEBA line.
