

UltraNet® Professional Net Gun

Hand Held, Air Powered Net Launcher Captures Birds and Small Animals Safely and Humanely

NetZooka UltraNet® Net Gun is a hand held, lightweight net launcher designed to humanely capture birds and small animals indoors and outdoors. It is powered by a single 16 gram compressed CO² cartridges. When fired, the compressed gas from the CO² cartridge pushes the four padded corner weights out of the Launch Head, carrying the Capture Net with them. The effective range varies with net size and configuration. Most captures happen between 10 and 25 feet from the operator.

Capture Net Sizes: All NetZooka UltraNet Net Guns come with the Small Capture Net. For larger/additional nets or additional Launch Heads, contact Nixalite or order them on our website as accessories.

Small Capture Net: 6.5' x 6.5' (2M x 2M), 2" (5cm) mesh, 4 padded weights. Use to capture small birds, cats, waterfowl, bats, etc.

Medium Capture Net: 9.6' x 9.6' (3M x 3M), 4" (10cm) mesh, 4 padded weights. Use to capture small to medium dogs, geese, peacocks, turkeys, etc.

Large Capture Net: 10.5' x 10.5' (3.2M x 3.2M), 8" (20cm) mesh, 4 padded weights. Used for law enforcement, drones, etc.
