## *Reno 4th Street Bus Station - page 2*

Due to the cooperation of all organizations involved, the Reno 4th Street Station was completed on schedule and under budget. It is serving 8,000 metropolitan Reno and Sparks travelers and visitors a day without the presence of roosting or nesting birds or the cost of the maintenance to clean up after them. This system promises low maintenance, trouble-free bird control for many, many years to come.
