THE BETTER CHOICE. SINCE 1948.

466 MIST BLOWER

The new Solo 466 Mist Blower is ideal for applying plant protection chemicals, or for mosquito, pest and parasite control in storage areas, containers, or animal herds.

It is particularly popular in vector control especially in subtropic and tropic regions due to the new ULV nozzle 49480 that produces very fine droplets, applying chemicals over large areas more efficiently than manual spraying.

The striking design of the mister fan housing integrates all functional components such as starter, fuel tank, spark plug, air filter and carburetor and provides the SOLO 466 Mist Blower with an unmistakable appearance.

Model	466
UPC	72034300466 3
Engine	SOLO 2-Stroke
Displacement	66.5 cc
Power	2.1 kW (2.9 HP)
Fuel tank capacity	1,4 l / 0.37 gal
Tank capacity	14l / 3.7 gal
Maximum fan air volume	1400 m ³ /h / 824 cfm
Horizontal reach	11 m / 36 ft
Dry weight	10 kg / 22 lbs
Carburator	Diaphragm with primer pump
Standard delivery	SOLO special misting nozzle with 4 settings, wide spray grille
Available accessories	ULV-nozzle Twin nozzle Extension tube Liquid booster pump

- New high-performance, low emission 66.5 cc 2-stroke engine to generate a fan air volume of max. 824 cfm for total plant penetration.
- Aluminum crankcase and high quality engine components for increased power output even under high temperature operating conditions.
- Increased engine performance converts to higher misting performance.
- Improved fuel efficiency and reduced emissions with modern engine technology and catalytic converter.
- Large 0.37 gallon capacity fuel tank combined with low fuel consumption allow long operating periods.
- Easy starting, fuel pump assisted.
- Effective vibration dampening.
- Single multi-function operating handle for throttle, spray volume and start/stop.
- Efficient air filtering system, easy to maintain.
- Ergonomically shaped and padded tank frame, comfortable, wide, padded shoulder straps and large, padded hip belt for superior operator's comfort.
- Compact size, low weight.
- Sturdy frame with integrated carrying handle and stand.
