

# SANI TIZER®

**Specifically designed to apply antibacterial and mold abatement solutions.**

The Sani-Tizer can be adjusted to apply either an ULV aerosol or a residual spray that wets all surfaces. For professional or personal use.

**Sanitize and deodorize** public spaces where the rapid spread of viruses is a constant threat. Use to spray disinfectants and deodorizers in hospital rooms, class rooms, locker rooms, public bathrooms, buses, cabs, waiting rooms, hotel/motel rooms and more.

The Sani-Tizer applies **mold and mildew abatement** solutions. Ideal tool for use in closed spaces where mold and mildew can start and flourish. Treats ductwork, crawlspaces, basements, attics, garages, closets, storage containers and more. Contact Nixalite for more information.

## **Sani-Tizer ULV Mister/Sprayer**

- Rugged poly and brass construction makes it tough and durable.
- Solid brass metering valve for delivering precise outputs and maximizing the use of chemicals.
- Adjustable metering valve allows for easy control of output and droplet size.
- Droplet sizes can be regulated for both ULV spraying and residual (wet surface) spraying.
- Low profile tank design lowers the center of gravity and virtually eliminates machine tipping, empty or full!
- Sani-Tizer comes with a one year limited warranty.
- Add a multiple event timer (not supplied) for precise, automated and unattended spraying.

Made in  the USA
