

Superior quality, reliability and versatility from IGEBA

Global ISO 9001 Certificate awarded to all IGEBA foggers and sprayers

Made in Germany

IGEBA - The Global Standard for Excellence and Quality in Thermal Fogging

TF-35 Thermal Fogger

A lightweight thermal fogger used to create large volumes of fog with very small particle sizes. Applies **Oil Based** formulations with the standard fog tube. The optional "W" Fog Tube is available for applying water based formulations. Buy both for maximum versatility.

TF-35 Features:

Highest quality standards of any thermal fogger. Stainless fuel tank, formulation tank & fog tube. All other parts contacting formulation are made of brass, Viton and Teflon. Superior construction.

TF-35 Specifications

Weight empty:..... 17.5 lbs / 7,9 kg
