

VECTORFOG ULV Cold Fogging

Model C150 - A Powerful, Compact, Versatile and Durable Electric ULV Cold Fogger

With a powerful, 2 speed, 1250 watt (1.67hp) Samsung 110vac motor, the **VectorFog C150** has the power and flexibility to apply almost any ULV water and oil based solutions.

The large 5 liter (1.32 gallon) solution tank makes the C150 ideal for indoor and outdoor ULV fogging applications. It can fog large areas without having to refill the solution tank multiple times.

It applies solutions through a fully adjustable and easy-to-use flow nozzle at the "nose" of the fogger. Droplet size can be adjusted between 5 (dry) and 50 (wet) microns.

VectorFog C150 Features

- Powerful 2-speed Samsung 1250 watt (1.67HP) 110 volts AC motor
- 35 ft long heavy duty power cord
- Applies water and oil base solutions
- Droplet size: 5 to 50 microns
- Solution tank is 5 liters/1.32 gallons
- Fogger is 24.4"L x 6.7"W x 12.2"H or 62cm L x 17cm W x 31cm H
- C150 weighs (empty) 10.8lbs / 4.9kg

VectorFog C150 Applications

- For outdoor and indoor fogging
- Kill mosquitoes, flies, gnats
- Fog disinfectants and sanitizers
- Fog fungicides for mold and mildew
- Apply biocides, organic solutions
- Use to eliminate invasive odors
- Hydrate greenhouses and plants
- Powerful motor is used as a blower to clean surfaces before fogging

As always, be sure to read, understand and follow the operator's manual that is supplied with the fogger. This is NOT a toy. Improper use can cause serious injury. Use the appropriate personal safety equipment when fogging.
