

MOTORISED BACKPACK MIST SPRAYER

BM100

Tank Capacity	16 Liters (4.2 Gal.)
Engine	Air-cooled 2-stroke Gasoline engine
Displacement	40cc
Spray distance	20 Metres (65.6 ft)
Starting system	Standard recoil
Dimensions (cm)	41.5 x 50.5 x 71
Dimensions (inch)	91.5 x 111.3 x 156.5
Weight	10.6 kg (23.4 lb)
Application range	2600 m ²

Motorized Backpack Mist Sprayer

Vectorfog M The BM100 mist blower is ideal for plant and crop protection as well as pest control applications. Powered by a specially designed air cooled 2 stroke 40 cc engine manufactured in Korea, this mist blower has a powerful fan achieving a spray distance of 20 meters. The BM100 mist sprayer produces droplet sizes below 60 microns, ideal for insect control. Thanks to its large 16 liter tank, the BM 100 can cover an area of 1600 m² (outdoors) and 2600m² (indoors). This lightweight mist blower's features include ergonomic back and padded shoulder straps, anti-vibration mounts, a recoil starter, and an electronic transistorized ignition module.
