Cutting, Fitting and Fastening Bird Screen Wire Mesh Barriers

For Cutting; you can use thin metal cutting discs on a small, hand held grinder or Dremel® tool. For precise cuts, use tin snips or wire cutters. Nixalite offers the Cutting Tool #CT93.

For Fastening; you can purchase Nixalite's bird spike mounting hardware for the desired surface or use the Stainless steel E-Z Clips or Galvanized Wire Mesh Clips for fastening.

Nixalite's Spike Hardware can fasten to sheet metal (shown), masonry and wood surfaces

If you have any questions or need more information, please contact Nixalite® of America Inc. We are at your service.
